

Tenured or Tenure-Track Faculty Positions Available (Expertise on Intelligent Nano System), Department of Engineering and System Science, National Tsing Hua University

國立清華大學工程與系統科學系誠徵智慧奈米系統專長之專任教師

The Department of Engineering and System Science at National Tsing Hua University (NTHU), Taiwan, invites applications for tenured or tenure-track faculty positions in the research areas of integrated circuit design or semiconductor devices for intelligent nano system. Applicants of experts in intelligent nano system to the development of low carbon energy, power plant safety, material calculation, thin film engineering, smart sensor, 3D IC, beam technology, and nano material examination are also welcome.

All levels of faculty positions are available. The applicant must hold a Ph.D. degree in engineering, applied science, or a closely related discipline and demonstrate promising excellence in research and teaching. Postdoctoral or industrial experience could be a plus.

In addition to exercising personal expertise in research, new faculty members are advised to closely collaborate with other colleagues and would be responsible for offering both undergraduate and graduate level courses. These courses include those in basic and advanced electrical engineering, such as Microelectronics, Electrical Circuits, Electronics Experiments, Probability and Statistics, Linear Algebra, Machine Learning, Signals and Systems, Semiconductor Devices Physics, Integrated Circuit Design etc. Teaching in English is required for some courses.

A letter of application, curriculum vitae, a statement of research interests and plans, teaching plans, transcripts of undergraduate and graduate, a list of three references, a summary of teaching evaluations (if available), and Ph.D. dissertation should be sent before January 31, 2022. Please note that reference letters are not required for the moment but should be readily available upon request. Candidates should direct their applications to Prof. Kuei-Shu Chang-Liao (lkschang@ess.nthu.edu.tw), Chairman of the Department of Engineering and System Science at National Tsing Hua University, No. 101, Sec. 2, Kuang Fu Road, Hsinchu 30013, Taiwan. Detailed information can be found on website <http://www.ess.nthu.edu.tw/>.
